July 4 2008

Dear Colleague

Please find attached information for groups wishing to apply for small grants to support events they will be running as part of Black History Month. This year the limit has been set by the Black History Month Steering Group at **£500 maximum**. This is in order to allow more groups to apply for funding than last year. As well as offering small grants, the Council aims to offer support with setting up events.

If you wish to discuss your event please contact the Arts and Heritage Team at artsadmin@southwark.gov.uk the deadline for submitting applications for small grants is **Wednesday 23 July 2008**.

Best wishes
Sandra Vacciana
Culture Development Officer
