

Southwark Independent Travel Support

Referral form for young person with special educational needs for support with travel between home and educational setting.

This form is to refer someone for travel support. This might be independent travel training, support with cycle purchase and training, financial support or assistance with travel.

Travel support will normally be provided at your school or education setting.

Please return this form to:

Parent Partnership
PO Box 64529
London SE1P 5LX

Please note that following your child's successful completion of the training program, the Local Authority may exercise its discretion to review any additional home to school transport assistance being provided to your child.

The re-assessment will not affect your legal rights, however may result in the additional transport assistance being withdrawn where it is considered reasonable for your child to travel to and from school independently on foot or by public transport. Such decisions will be made in accordance with the Local Authority's Home to School Transport Policy.

In the event that your child has successfully completed the Independent Travel Training and still requires additional transport assistance then it is important to note that the Local Authority may not provide an escort for home to school travel.

Personal information

Your name

Date of birth

Home telephone number

Mobile phone number

Address

How do you like to communicate?
