Pest control

Southwark Council will:

- provide a service to council tenants for the treatment of public health pests, namely rats, mice, cockroaches, pharaoh's, ghost ants, Crazy ants, and Bed bugs. Treatment for these pests above are free for all tenants in the borough and leaseholders on the block treatment.
- This service can be provided to others but a charge of £66 will be made this can be reduced with proof of income support or pension.
- offer advice to council tenants on the treatment of other pests
- provide an advisory (and where necessary enforcement) service to other Southwark residents and businesses in relation to all pests
- offer a free pest identification service

The pest control team aims to make sure that public health pests are dealt with efficiently, safely and on a cost-effective basis, with due regard to the environment.

To contact the pest control team please call 0800 952 4444.
