

Dulwich Village Football Club Spotlight

Dulwich Village Football Club provides highly qualified coaches and facilities in Dulwich and surrounding areas to develop footballers from age 6 upwards. We welcome players from all backgrounds, and our goal is to provide the best opportunities for all our players from junior to senior. Established in 2008, the club uses FA certified coaches and operates a very strict code of conduct and child protection policy. All coaches, managers and volunteers are vetted against the FA CRB process before entering the club. Under the direction of UEFA B License holder and head coach Dean Dennis, we were awarded FA Chartered Standard Status for our work. The club currently has 45 youth teams which take part in the SELKent, Kent County and Bromley and District Leagues. We strive to understand individual players and provide positive support to enable them to learn and develop their game as part of an organised, ambitious and community-minded team

Training Times and Location

Venues and training times vary depending on age group/team. More details <http://www.dulwichmagic.co.uk/>
