- **Number and frequency of events per calendar year**

The Council will seek to create a reasonable balance between the number and frequency of third-party events that are allowed to take place within the Park and on the Common, when weighed against the level of impact they are likely to have on the environment and the disruption they may cause to regular site users and local residents.

**Table 1** below is intended to be used as a guide only. It is recognised that applications for events which would be beneficial to the borough and/or the Park/Common, may be received after given quotas have been reached and it would be inappropriate to reject an application on this basis. In these instances, processing applications and granting approvals will always be subject to consultation with stakeholders.

**Table 1** below sets out the minimum times events can take place around one another. These times will ensure that there is a period of rest for event spaces and park users and local residents where applicable. A common sense approach will be taken with regards to scheduling events across different classifications and there will be no back-to-back bookings, or events taking place in quick succession, that are likely to have a significant impact upon the park or local area.

Different, suitable spaces within the Park and on the Common will be utilised to accommodate a variety of events that are appropriate for those spaces. This will ensure the continued delivery of a varied events programme, while alleviating pressure on any one particular area of the park, or the Common.

**Table 1**
Low impact sports activities which do not affect public safety, or usual activities within the park will not count towards the figures given in the frequency table, but may still be subject to the application process for small events.

7. Noise levels

All events shall comply with ‘Noise conditions for outdoor events’ in Southwark.

Noise sensitive buildings and spaces in and around the Park and Common include, but are not limited to:

- Nearby residential properties
- Nearby Schools (Harris Boys and Harris Girls)
- Café
- Children’s playgrounds

8. Waste

All event organisers must ensure that the space they are hiring is returned to the state that they find it in at the start of the period of hire. If the Council are required to undertake any cleansing, or reinstatement works that have not been pre-agreed as a consequence of an event taking place, the costs for the works will be recharged to the event organiser.

9. Out of hours staff cover

Where council staff are required to attend an event during any period (including set up and break down) outside of standard office hours (Mon-Fri 9am-5pm), or pre-agreed hours, there may be additional charges incurred by the event organiser at the rates detailed on the Council’s fees and charges web page.

10. Event hire

More information about hiring a space within the Park, or on the Common, for an event and the application process can be found here.

11. Friends of Peckham Rye Park

Peckham Rye Park has a very active and well established Friends group. More information about the group and the work that they do can be found on their web site.

The Friends of the Park also oversee matters concerning the Common.
