

# Public notice (section 90)

## Traffic calming measures

1. Southwark Council hereby GIVES NOTICE that it has approved under sections 90A to 90I of the Highways Act 1980 and in accordance with the provisions of the Highways (Traffic calming) Regulations 1999, it proposes to construct a speed table of flat-top construction having a maximum height of 100 millimetres and covering the entire width of the carriageway, in SPA ROAD extending from a point 97 metres north-east of its junction with Grange Road north-eastward for a distance of 6.5 metres, including both ramps. The measures described above would replace existing road humps at that location.

# Statement of reasons

## Traffic calming measures

The scheme proposes the introduction of traffic calming in the form of a new raised speed table in Spa Road (within the London Bridge & West Bermondsey ward and the South Bermondsey ward), in the London Borough of Southwark.

The developer was granted planning permission (17/AP/3281) on 25 June 2020 which allows redevelopment of the site known as Nos. 11-13 Spa Road.

Associated S278 highway works include the upgrading of existing road humps into a raised table on Spa Road to provide easy crossing facilities towards Bermondsey Spa Gardens while also acting as traffic calming measure. The proposed raised table crossing point supports the newly adopted Southwark Plan 2019-2036 in accordance with Policy P51 Walking and the London Plan Policy T2 Healthy Streets.

There will be no loss of parking bays or amendments to existing waiting/loading restrictions.
