Dear Resident

Astley Estate Community Brief Flyer

As you are aware the New Homes Development team are proposing to build new homes on the garage site which is situated between Astley House and Lackland House on the Astley Estate.

In line with our commitment to engaging with residents about the new homes a Resident Project Group, made up of local residents, was set up and two workshops were held to develop a Community Brief.

The purpose of the Community Brief is to capture what matters most to residents about the new homes and improving where they live.

The Community Brief will be issued to our architects and they will respond to this during their selection process and then through the design process once they have been appointed.

I have enclosed a summary of the Community Brief for your information and it can also be found on the Consultation Hub - www.southwark.gov.uk/astleyestateimprovements.

Yours sincerely

Melanie Hill
Project Officer
