# Residents' Update

## for Meeting House Lane New Build

Issue #13  
March 2020

---

### Welcome to your latest newsletter

ENGIE is working in partnership with Southwark Council to build new council homes at Meeting House Lane. The project is due to complete in 2020.

#### Works update

We have now completed phase 1 of the external drainage works. Scaffolding for the entire frame continues to be erected and is now approximately 70% complete. External cladding on the frame has also now started.

We will be commencing some demolition and piling works this month to start off the second phase of the project. We apologise in advance for the noisy works that will resume.

If you have any queries about the works being undertaken, please contact Assistant Site Manager, Amina Mabifa on **07584 114 373**.

## In Your Community:

The ENGIE site team received a very special visitor earlier this month when the Mayor of London, Sadiq Khan visited the site.

Mayor Khan was met by the MP for Camerwell and Peckham, the Leader of the Council, the Strategic Director for Housing & Modernisation, other staff from Southwark Council, Brendan, Amina and other personnel from ENGIE to discuss the project's progress.

The visit was one of many to schemes partly funded by the GLA to discuss the progress of building more affordable homes in London.

ENGIE is helping Southwark Council achieve its aim of providing 11,000 new council homes across the borough by 2043.

## Your ENGIE site team

If you have a query or would like to report an emergency during our working hours of Mon-Fri 8am-5pm please contact your site team.

Alternatively our office number is **0207 523 5201**.

If calling out of hours, at the weekend or to report an emergency, please call **0333 121 0067**.
