

Southwark's Borough Plan

Keeping Southwark safe during COVID-19, including

- Building our Community Support Alliance
- Strengthening test, trace, isolate and support
- Supporting residents and businesses to follow COVID guidance
- Rolling out vaccinations

Southwark Together – tackling racism and inequality, including

- Strengthening our approach to equalities
- Increasing representation of Black, Asian and minority ethnic communities in community leadership positions
- Celebrating the rich diversity of the borough

A green and inclusive economy, including

- Supporting 5,000 people into work, including 1,000 new green jobs
- Helping our high streets to be thriving and vibrant
- Education, employment, training or volunteering for all school leavers

Thriving neighbourhoods, including

- Developing neighbourhood charters and action plans with communities
- New developments that deliver GPs, parks and affordable homes
- Free and affordable broadband in community buildings and on estates

A great start in life, including

- Closing the attainment gap
- Ensuring access to mental health support for all children and young people
- Working towards 100% inclusion of pupils in schools

Tackling the climate emergency, including

- Making Southwark carbon neutral by 2030
- Planting 10,000 new trees
- Doubling the number of bike hangars

Tackling health inequalities, including

- Closing the health gap for Black, Asian and minority ethnic communities
- Tackling food insecurity and obesity
- Supporting domestic abuse survivors

Homes for all, including

- Increasing the number of council homes
- Taking action on empty homes
- Working to end rough sleeping
