Dear xxx

Ann Moss Community Brief Flyer

As you are aware Southwark Council have acquired the former St Olaves hospital No 1 Ann Moss Way in February 2019, and plan to turn it into new homes for local people in housing need.

The New Homes Development team have set up a Project Group of members whom live in the area and have held two workshops with the Project Group in order to develop a Community Brief.

The Community Brief is a document that contains details of the views and aspirations of residents regarding proposals for developing new council homes on the council's site. This document which will go to our architects once they have been appointed in order for them to design the new homes taking into account residents views and concerns.

I have enclosed a copy of the Community Brief flyer which captures the key points of the community brief for your information and a copy is on the Commonplace consultation hub for you to also view <https://anmossway.commonplace.is/>.

Yours sincerely

Kemi Baugh
Project Officer
