**The VAWG Delivery Group includes representatives from Southwark Clinical Commissioning Group, South London and Maudsley Hospital Trust, Children’s Services, Social Care, Adult Safeguarding, Housing operations, Southwark MPS, Southwark Multi Agency Safeguarding Hub, Housing Options, Housing Strategy, Public Health, Troubled Families, National Probation Service, Education Services.**
Referrals into DA service will lead to the achievement of survivor outcomes for that particular group, these are reported on quarterly by the service provider and are as follows:

- Number of service users whose risk of harm has been reduced three months after engaging with the service.
- Number of service users who experience a reduction in impact and isolation on exiting the service.
- Number of service users who experience improvements to health and resilience.
- Number of service users who are helped to remain safely in their homes.
- Number of service users who are involved with service development.
- Number of service users who experience no further incidents of domestic abuse at 6 months after exiting the service.
- Number of service users who experience no further incidents of domestic abuse at 12 months after exiting the service.

**Perpetrator outcomes**
- Number of service users who change positively in use of abusive behaviour (risk to survivor is reduced).

- Number of service users who display increased insight into own use of abusive behaviours.
- Number of service users who develop safer ways to behave in relationships (cessation of physical violence).
- Number of service users who display improved relationship skills (decrease in non violent forms of abuse).

**Children outcomes**
- Number of children who have increased sense of safety and how to keep safe.
- Number of children who have increased confidence and are able to talk about how they feel.

**IRIS outcomes**
- Number of primary health care professionals who are aware of DA signs and how to signpost to support services.
- Number of GP referrals into the domestic abuse service.

**Training (non IRIS) outcomes**:  
- Number of people showing increased understanding of domestic abuse and support services following training.
