Presentation at CIL workshop on 02 March 2016
1. Introduction

1.1. The purpose of this document is to provide a summary of the representations on the London Borough of Southwark Community Infrastructure Levy (CIL) Draft Charging Schedule consultation, in accordance with the Community Infrastructure Levy Regulations 2010 as amended (the “Regulations”).

1.2. This statement addresses the requirements of Regulation 19 (1) (b) of the Community Infrastructure Levy Regulations by setting out:
   • if representations were made in accordance with regulation 17;
   • the number of the representations received; and
   • a summary of the main issues raised by the representations

1.3. The Draft CIL Charging Schedule was published in accordance with the requirements of Regulation 16 of the Regulations. This statement provides a summary of the consultation undertaken at each stage, and the main issues raised in the representations received with the Council’s response to these issues.

1.4. Appendix F of this statement (separate document) sets out our individual comments on all of the representations we received at the Draft CIL Charging Schedule stage of consultation.
2. Preliminary Draft CIL Charging Schedule

2.1 Who was consulted and how?

2.1.1. Table 1 sets out the main consultation that has been carried out. It shows how we met our statutory requirements in the CIL Regulations (2010) (as amended) and the additional consultation we carried out in accordance with our statement of community involvement. We carried out 20 weeks of consultation between 17 June 2016 – 04 November 2016.

| Display the preliminary draft CIL Charging Schedule, its evidence base and supporting documents at libraries, one-stop shops and area housing offices. | The preliminary draft CIL Charging Schedule was made available at council offices and in the libraries within or near the Old Kent Road opportunity area boundary, being:  
- Council offices, 160 Tooley Street  
- Blue Anchor Library  
- Canada Water Library  
- East Street Library  
- Camberwell Library  
- Peckham Library | 25 August 2016 |
| Display the preliminary draft CIL Charging Schedule and accompanying documents on the council's website | The preliminary draft CIL Charging Schedule and its supporting documents were displayed on the Planning Policy website. A consultation questionnaire was also available on-line. | 17 June 2016 |
| Place a press notice in the local newspaper to advertise the start of the formal consultation period. | An advertisement was published in the Southwark News to announce the start of the formal consultation period and to invite representations to the consultation (see Appendix E). | 23 June 2016 |
Presentations to community councils

We attended community councils and highlighted the CIL consultation alongside the Old Kent Road Area Action Plan consultation

Sept – Oct 2016

Consultation workshop

The consultation workshop was aimed at providing developers and landowners with an opportunity to learn more about the Community Infrastructure Levy and our evidence base and to ask questions. Council officers delivered presentations on the proposed Charging Schedule, Infrastructure Plan and CIL procedural matters. A representative from BNP Paribas Real Estate Ltd provided a presentation and explained the methodology undertaken to prepare the CIL Viability Study.

02 March 2016

Attendees included representatives from: Berkeley Homes, Rolf Judd Planning, Shaw Corporation, OKR Regeneration and CGMS. The presentation made at the workshop and subsequently circulated is in Appendix G of this report.

2.1.2. Table 2 sets out details of engagement with some of our key stakeholders and other bodies at this stage.

<table>
<thead>
<tr>
<th>Public body</th>
<th>Council’s engagement and cooperation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Local Planning Authorities</td>
<td>The production of CIL charging schedules is a standing item on the Association of London Borough Planning Officers (ALBPO) meetings which occur bi-monthly. ALBPO includes representatives from all of London’s local authorities. The last meeting was held in 14 March 2017 at which all boroughs gave an update on proposed rates, timetables and issues. In addition to briefing updates via ALBPO Southwark meets with Lambeth and Lewisham to discuss cross-boundary matters and to update each other on local plan development and recent experiences. No concerns have been raised regarding our proposed CIL rates. Upon publication of the preliminary draft, all neighbouring local authorities were formally sent notification, however no formal responses were received.</td>
</tr>
<tr>
<td>The Environment Agency</td>
<td>The Environment Agency (EA) was formally notified of the publication of the preliminary draft Charging Schedule and the Infrastructure Plan. No representation was received from this body.</td>
</tr>
<tr>
<td>Public body</td>
<td>Council's engagement and cooperation</td>
</tr>
<tr>
<td>------------</td>
<td>--------------------------------------</td>
</tr>
<tr>
<td>Historic England</td>
<td>HE was formally notified of the publication of the preliminary draft Charging Schedule and the Infrastructure Plan. No representation was received from this body.</td>
</tr>
<tr>
<td>The Historic Buildings &amp; Monuments Commission</td>
<td>The conservation, management and maintenance of Southwark’s historic buildings and scheduled monuments are considered to be site/asset specific matters rather than strategic infrastructure to be covered by CIL. They therefore continue to fall within the remit of Section 106 agreements for private assets and site specific mitigation and management requirements or the Council’s own asset management plans, where such assets are located within public land. As such, other than notifying the Historic Buildings &amp; Monuments Commission of the publication of the preliminary draft, we did not seek more active engagement with this particular body. No representation was received from this body.</td>
</tr>
<tr>
<td>Natural England</td>
<td>Natural England (NE) has and continues to be engaged in the preparation of Southwark’s various local planning policy documents. NE was formally notified of publication of the preliminary draft charging schedule. No representation was received.</td>
</tr>
<tr>
<td>The GLA</td>
<td>The Mayor of London has been engaged in the preparation of Southwark’s planning policy documents. Projects in our Infrastructure Plan have attracted successful bid funding for delivery via the Mayors Outer London Fund round 2 and Community Restoration fund. The GLA were formally notified of the publication of the preliminary draft charging schedule. In their formal response the Mayor welcomed the principle of Southwark seeking to secure appropriate developer contributions in order to support the funding and delivery of improved transport infrastructure, particularly the Bakerloo Line extension. The Mayor also welcomed the intentions to deliver a wide range of infrastructure improvements, including social, not just transport, in the Old Kent Road area via the changes set out in the Regulation 123 list.</td>
</tr>
<tr>
<td>Homes and Communities Agency</td>
<td>The Mayor of London has now taken over the responsibilities of the HCA within London, so our engagement with HCA functions is now undertaken as part of our engagement with the Mayor of London (see comments above).</td>
</tr>
<tr>
<td>NHS Southwark</td>
<td>At the strategic level the Council and the PCT work together to help promote good health amongst residents and plan for primary and community health care. We have met with the PCT on many occasions over the years to understand key health issues facing the borough, the need/demand/levels and specific requirements for new healthcare provision to serve existing and new communities and Southwark’s changing demographics, as well as the PCT’s proposed capital and estates strategies for the borough. No representation was received.</td>
</tr>
</tbody>
</table>
Public body | Council’s engagement and cooperation
---|---
Transport for London | TfL is routinely engaged by the council on numerous projects including planning transport improvements for Old Kent Road (surface transport and Bakerloo Line extension) and Canada Water to support planned growth. The discussions and preliminary costings for these projects have informed the Infrastructure Plan. The Council hopes to continue its joint working with TfL to continue to refine the potential transport measures to be employed for specific sites/junctions as well as in the design, costing, funding and delivery of transport improvements. Such information will be important in any review of the CIL in coming years. In their formal response TFL welcomed the principle of Southwark seeking to secure appropriate developer contributions to support the funding and delivery of improved transport infrastructure, particularly the Bakerloo Line extension.

Highway Authority | Southwark Council and TfL are the Highways Authority within Southwark. See comments above regarding engagement of TfL.

2.2 How many comments were received on the Preliminary Draft CIL Charging Schedule?

2.2.1 In response to the consultation on the Preliminary Draft CIL Charging Schedule 13 representations were made. Most responses focused on CIL with only Berkeley Homes, Barkwest Ltd and Sport England making significant comments on the section 106 proposals. Some residents and a developer were supportive of the plans to use funding from developments to deliver new infrastructure in the area. The GLA and TfL were broadly supportive of the proposals, welcoming the principle of Southwark seeking to secure appropriate developer contributions in order to support the funding and delivery of improved transport infrastructure, particularly the Bakerloo Line extension. TfL highlighted the challenges in securing funding for infrastructure critical to unlocking growth, including the timing of contributions, the scope of development that should pay, and the impact of such payments on the viability of development.

2.3 Summary of the representations and the council’s response

2.3.1 The main areas of concern raised in representations are summarised below. Individual responses are provided in Appendix A of this report (p. 37).

Residents/ Old Kent Road People Network

- Disagree with using CIL to fund infrastructure, the Old Kent Road does not need new tube stations.
- Object to the provision of green spaces and amenity for the benefit of overseas investors speculating on the property market.
- Concerned about the level of funding that will be secured for infrastructure from developers, particularly after contributions are allocated to the Bakerloo Line extension.

2.3.2 Summary of Council response: There is widespread public support for new tube stations on the Old Kent Road. Developments will be private sector led but the AAP and wider Development Plan policies will ensure that it delivers a wide range of
benefits for local people. CIL and section 106 will not be able to fund all the required infrastructure alone, as highlighted previously. Work is ongoing to identify alternative funding sources (including for Bakerloo Line Extension) and the infrastructure plan will be updated to reflect this.

Developers

- Key sites may stall on viability grounds through the requirements of CIL and S106, therefore the council should consider a lower CIL rate for the southern part of the opportunity area or must take a pragmatic approach to viability to ensure sites are deliverable
- Raised queries about the benchmark cost data used in the viability assessment and recommended further viability testing
- Requested clarification of SPD addendum wording on how the Bakerloo Line extension will be funded
- Requested clarification that where a site contributes to the delivery of social infrastructure such as a school this will form part of viability discussions on other planning obligations.

2.3.3 Summary of Council response: The adopted Development Viability SPD provides clarity on how viability will be assessed. Where justified by rigorous viability assessment, formulated in accordance with the SPD, a flexible approach to the application of the Council's affordable housing targets will ensure the viability of developments is not adversely affected whilst still delivering the maximum quantum of viable affordable housing. Further details of the method used to derive the benchmark build costs have been provided by WT Partnership. The wording of the SPD has been clarified to make it clearer how the Bakerloo Line extension will be funded. We are amending our Regulation 123 List to make clear which infrastructure will not be funded by s106 and we will ensure robust monitoring measures are in place to avoid any 'double dipping' in practice.

Sport England

- Requested clarification of what sport facilities and play facilities will be funded through section 106 and CIL.
- Concerned that Southwark does not have a robust evidence base for sports facilities and therefore objects to the proposed revisions until the Council is clear about what facilities are required.

2.3.4 Summary of Council response: Information on funding sources for projects identified in the Infrastructure Plan is currently being updated; it is important to note that this is a living document which is subject to change. The text in the SPD addendum on sport and play facilities has been clarified. The Regulation 123 List will be updated in future as required. The Council has substantial evidence for demand for sports and leisure facilities including a Playing Pitch Strategy that is soon to be completed; this will inform any required updates to the Infrastructure Plan. New facilities such as the Castle Leisure Centre and planned facilities at Canada Water, Burgess Park and on Surrey Canal Road in Lewisham will help meet needs. Progress in delivering this significant pipeline of facilities will be monitored to ensure shortfalls are addressed.

3. Draft CIL Charging Schedule

3.1 Who was consulted and how?
3.1.1. Table 3 sets out the main consultation that has been carried out. It shows how we met our statutory requirements in the CIL Regulations (2010) (as amended) and the additional consultation we carried out in accordance with our statement of community involvement. We carried out 6 weeks of consultation between the 30 January 2017 and 4 March 2017.

<td>TfL were formally notified of the publication of the draft Charging Schedule. In their formal response they reiterated their support for the principle of Southwark seeking to secure appropriate developer contributions in order to support the funding and delivery of improved transport infrastructure, particularly the Bakerloo Line extension. They also highlighted concerns about the potential for necessary site-specific mitigation for development proposals to be constrained by the content of the regulation 123 list.</td>
</tr>
<tr>
<td>Highway Authority</td>
<td>Southwark Council and TfL are the Highways Authority within Southwark. See comments above regarding engagement of TfL.</td>
</tr>
</tbody>
</table>
3.2 **How many comments were received on the Draft CIL Charging Schedule?**

3.2.1 In response to the consultation on the draft CIL Charging Schedule 14 representations were made. These break down as 2 representations from local residents, 3 representations from statutory bodies and 9 representations from developers.

3.3 **Summary of the representations received on the Draft CIL Charging Schedule**

3.3.1 The main areas of concern raised in representations are summarised below. The council has provided a response to each comment in Appendix F.

**Residents**

- There should be a zero rated CIL sub-area of zone 3 in the Camberwell area to mitigate for the loss of the Bakerloo Line Extension, and sufficient CIL ringfenced to fund the re-opening of Camberwell station.
- Concern that these proposals will dampen housebuilding at a time of great need for increase.

**Developers**

- Viability of development. A fixed charging schedule for CIL will require flexibility in the application of other policies, such as the affordable housing requirement, to prevent stalled delivery, such as a 70/30 split for affordable housing towards intermediate as in Peckham and Elephant and Castle.
- Improvements to Canada Water station, Surrey Quays station, junctions on Lower Rd with Surrey Quays station and Rotherhithe tunnel and roundabout, bus, cycle, public realm, pedestrian access and road layout should be included in the Regulation 123 list.
- Charging schedule should have a discounted rate for undercroft or basement car parking associated with a chargeable use.
- The CIL rate for Old Kent Rd should be below zone 2 rate, with different rates for different parts of Old Kent Rd, and a different rate for Build to Rent schemes.
- Changes to the charging schedule should be made in association with changes to the AAP.
- Validity of data used in the viability assessment and the resulting assumptions on growth in sales values, build costs and benchmark land values are questioned in relation to other data sources and market research forecasts.

**University/Charity**

- Weekly rental for student accommodation is too low and needs to be between £190-200 to reflect the cost of land, fees, construction, finance and profit.
- Infrastructure provision as part of any future development of London Bridge campus will not be adversely affected by CIL policy and that due regard be given to charitable status.

GLA/TfL
- Support for draft CIL charging schedule
- TfL have some queries over the relationship between CIL and s106 planning obligations.

Sport England

- Whether there is a robust evidence base for playing pitches and indoor sports facilities for Southwark.

December 2016
1. Introduction

1.1. The Community Infrastructure Levy (CIL) is a new levy that local authorities can choose to charge on new developments in their area. The money can be used to support development by funding strategic local infrastructure that the council, local community and neighbourhoods want. The benefits are increased certainty for the funding and delivery of infrastructure, increased certainty for developers and increased transparency for local people.

1.2. Under the Community Infrastructure Levy Regulations (CIL) (2010) (as amended) the amount of CIL to be paid needs to be explained in a formal document called a Charging Schedule. Under the regulations, the Council has to carry out two rounds of public consultation on its proposed Charging Schedule – the Preliminary Draft Charging Schedule and the Draft Charging Schedule, prior to submission of the Draft Charging Schedule to the examiner.

1.3. This is the second stage of consultation on the revised charging schedule. We consulted on the first stage, the Preliminary Draft Charging Schedule, from 17 June until 4 November 2016 alongside the Preferred Option version of the Old Kent Road Area Action Plan, a revised draft Regulation 123 List and a draft section 106 SPD addendum. Charging authorities are encouraged to consult for at least six weeks on their Draft Charging Schedule in order to ensure that local communities and delivery partners have sufficient opportunity to make their views known.

1.4. A summary of the responses received at the first stage of consultation and officer comments on these is included on Appendix C.

2. How we are consulting on the draft CIL charging schedule

2.1. This consultation plan sets out the consultation that will be carried out on the Revised Draft CIL Charging Schedule. This is in accordance with our adopted Statement of Community Involvement, which explains how we will consult the community in the preparation of planning policy documents and the Community Infrastructure Levy Regulations 2010 (as amended). The following section sets out how we plan to meet the minimum statutory consultation requirements.

2.2. Once we have finished consulting on the Draft Charging Schedule we will collate all the responses we receive and see whether we need to make any further modifications to the Draft Charging Schedule. Where any modifications are proposed, the CIL Regulations (19) and (21) (as amended) requires us to produce a ‘Statement of Modifications’ and allow a period of four weeks for consultees to submit a request to be heard by the examiner in relation to those modifications, beginning on the day which the Draft Charging Schedule is submitted to the Examiner. We will submit the draft CIL Charging Schedule to the CIL Examiner along with a
consultation statement which will set out our officer comments on all the responses we received and our evidence base.

2.3. This consultation plan should be read alongside the following documents:

- **Draft CIL charging schedule**
  To charge CIL the Council must produce and adopt a Charging Schedule setting out the levy rates.

- **Draft Regulation 123 list**
  Sets out proposed changes to the regulation 123 list specifying what types of infrastructure will be funded via CIL.

- **Draft infrastructure plan**
  This sets out the strategic infrastructure required to support growth over the period of the council’s local plan. It has been updated to include the infrastructure required to support growth in the Old Kent Road Opportunity Area.

- **Equalities analysis of the charging schedule and SPD addendum**
  This assesses the likely impact of the documents on the nine protected characteristics groups, as identified in the Equality Act 2010 (age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation). Broadly, it looks at the impact in relation to equality, diversity and social cohesion.

- **The CIL viability study**
  Explains the development viability evidence on which the CIL rates are based.

2.4. All of these documents can be found on our website at: [http://www.southwark.gov.uk/oldkentroadaap](http://www.southwark.gov.uk/oldkentroadaap)

3. **The timetable and methods of consultation**

**Consultation timeframe**

3.1. We have already consulted on the Preliminary Draft Charging Schedule. We will be consulting on the Draft CIL Charging Schedule for a total of six weeks in accordance with the NPPG which states that it is good practice to allow at least six weeks (the minimum is four weeks).

3.2. The document will be:

- Available to the public from late January 2017
- Taken to Cabinet for agreement for public consultation on 24 January 2017
- Available for formal consultation from Monday 30th January for six weeks until Monday 13th March
3.3. **All responses must be received by 5pm on Monday 13\textsuperscript{th} March 2017.**

**Consultation methods**

3.4. The tables below sets out the different consultation methods we will undertake. We have set out the statutory minimum required to meet the Community Infrastructure Levy Regulation (16) (2010) (as amended) and the further methods additional to the statutory requirements that we propose to carry out. As well as making the document available on the web and in local libraries, the council will write to consultees in the Planning Policy team’s database.

4. How to comment on the draft CIL charging schedule

4.1. We welcome your comments on the draft CIL charging schedule, the evidence base and the supporting documents. Please contact us if you would like to know more about CIL or to find out more about our consultation.

4.2. All comments must be received by 5pm on Monday 13th March 2017. Comments received after this date will not be taken into consideration.

4.3. Representations can be made by:

- Sending an email to planningpolicy@southwark.gov.uk
- Alternatively you can send your response to:

APPENDIX C
Consultation responses and officer comments

The table below provides summaries of the key issues raised in representations made on the Preliminary Draft Charging Schedule and Regulation 123 List, along with an officer response to each representation. Where relevant the response provides details of how representations were taken into account in developing the final version of the SPD Addendum.

<table>
<thead>
<tr>
<th>Representer</th>
<th>Summary of representation</th>
<th>Council response</th>
</tr>
</thead>
<tbody>
<tr>
<td>Resident</td>
<td>Support the development of transport infrastructure including the Bakerloo Line extension</td>
<td>Noted.</td>
</tr>
<tr>
<td>Resident</td>
<td>Support the proposal to seek funding through revisions to CIL and S106 planning obligations from new development to support the development of infrastructure in the OKR area.</td>
<td>Noted.</td>
</tr>
<tr>
<td>Resident</td>
<td>Disagree with using CIL to make the Old Kent Road into part of 'central London'. It will not be in the interests of existing local residents; the OKR area does not need new tube stations</td>
<td>Noted. However the extension of the Bakerloo Line down the Old Kent Road has received wide support.</td>
</tr>
<tr>
<td>Resident</td>
<td>Object to the provision of green spaces and amenity for the benefit of overseas investors speculating on the property market. If the scheme is led by private investors then almost all public realm should be removed and more housing packed in to increase the section 106 contribution that Southwark can go off elsewhere and do some good with.</td>
<td>Noted. Developments will be private sector led but the AAP and wider Development Plan policies will ensure that it delivers a wide range of benefits for local people.</td>
</tr>
<tr>
<td>OKR people network</td>
<td>The Council’s delivery plan says that developer contributions towards infrastructure costs will bring in £188 million and that this could pay for the new schools, new open space and an electricity network. No funds are allocated for health, sports and play facilities. Even the contributions proposed could be lost as the Council says it has to show developers are contributing to the Bakerloo Line Extension, costed at between £1.25 billion – 2.5 billion.</td>
<td>There is indeed a funding gap identified (i.e. a gap between known commitments and the total cost of infrastructure required) and CIL and section 106 will not be able to fill this alone, as acknowledged in the original cabinet report and background paper. Work is ongoing to identify alternative funding sources (including for Bakerloo Line Extension) and the infrastructure plan, a living document, will be updated to reflect this.</td>
</tr>
<tr>
<td>Berkley homes</td>
<td>Key sites may stall on viability grounds through the requirements of CIL and S106 paying for the Bakerloo Line Extension and the delivery of affordable housing and other infrastructure. The Council must therefore take a pragmatic approach to the viability of developments if a comprehensive approach is to be taken to the plan area.</td>
<td>The adopted Development Viability SPD is clear that where viability is a relevant consideration in respect of achieving planning policy compliance, applicants should submit a financial viability appraisal. The process and information requirements are clearly set out in the SPD. Where justified by rigorous viability assessment, formulated in accordance with the SPD, a flexible approach to the application of the Council’s affordable housing targets will ensure the viability of developments is not adversely affected over the economic cycle whilst</td>
</tr>
<tr>
<td><strong>Berkley homes</strong></td>
<td>Berkley query how the benchmark data for residential and mixed used development build costs developed used in the viability study was derived.</td>
<td>Further details of the method used to derive the benchmark build costs have been provided by WT Partnership and included in Appendix D. The council believes the existing viability analysis meets the requirement to use “appropriate available evidence” to inform a draft charging schedule (NPPG).</td>
</tr>
<tr>
<td>---</td>
<td>---</td>
<td>---</td>
</tr>
<tr>
<td><strong>Berkley homes</strong></td>
<td>Believe the impact of CIL on affordable housing delivery will be far greater than the 5% quoted in Cabinet Report.</td>
<td>Noted.</td>
</tr>
<tr>
<td><strong>Berkley homes</strong></td>
<td>They recommend the Council undertakes further viability testing of the parameters used in the original assessment following the Referendum Vote in late June. They further request that another firm of surveyors be instructed to test the Preliminary Draft Charging Schedule and Draft Section 106 contributions.</td>
<td>Noted. The council believes the existing viability analysis meets the requirement to use “appropriate available evidence” to inform a draft charging schedule (NPPG).</td>
</tr>
<tr>
<td><strong>Berkley homes</strong></td>
<td>There is a risk that 'double dipping' will occur as it is not clear from the Draft Revised SPD what consideration is given to the direct provision in schemes of infrastructure and what requirements will form additional pooled contributions through Section 106 or potentially future CIL infrastructure contributions.</td>
<td>We are amending our Regulation 123 List to make clear which infrastructure will not be funded by s106 and will ensure robust monitoring measures are in place to avoid any ‘double dipping’. The wording of the SPD has been clarified to make it clear that s106 will be used to fund work on the two stations prior to the adoption of CIL; and that on adoption of CIL, a revised regulation 123 list will be adopted making it clear that further work to the stations will be funded through CIL rather than s106. Where infrastructure is provided on a particular site as part of a development, such as open space, it would be unreasonable to seek to secure s106 funding for that same item of infrastructure. Schools (not including land) are on the Regulation 123 List so we would not be able to accept school building via s106. No developers are currently offering to provide a school as part of a development and the initial focus will be on expanding existing schools. The Regulation 123 List will be kept under review.</td>
</tr>
<tr>
<td><strong>Aitch group</strong></td>
<td>Support the CIL requirements and the infrastructure projects set out in the Regulation 123 list, including the BLE</td>
<td>Noted.</td>
</tr>
<tr>
<td><strong>Aitch group</strong></td>
<td>Wishes it to be acknowledged that viability is extremely challenging and that setting the CIL charging rates at the levels proposed this may result in some policy aspects of the AAP being undeliverable – such as achieving 35% affordable housing. It is assumed that the Council recognise this and will be</td>
<td>The adopted Development Viability SPD is clear that where viability is a relevant consideration in respect of achieving planning policy compliance, applicants should submit a financial viability appraisal. The process and information requirements are clearly set out in the SPD. As stated in the</td>
</tr>
<tr>
<td><strong>Barkwest Ltd</strong></td>
<td>The proposed higher CIL rate for the southern part of the opportunity area could prejudice the coming forward of development of sites in the early stages of its transformation, thus a lower rate for the southern portion of OKR would be more appropriate.</td>
<td>See answer immediately above.</td>
</tr>
<tr>
<td><strong>Sport England</strong></td>
<td>Pleased to note that sports development appears to be exempt from paying CIL (falling within the ‘all other development’ category).</td>
<td>Noted.</td>
</tr>
<tr>
<td><strong>Sport England</strong></td>
<td>The Draft Regulation 123 List indicating CIL will be used to fund specific open space and sports provision is welcomed. The Infrastructure Plan identifies a number of improvements or provision of sports facilities and the SPD, in table 2, refers to ‘sport facilities’ and ‘play facilities’ being funded through CIL. It is not clear whether these are improvements or new provision, along with others that might subsequently be identified, would be wholly or partly funded by S106 or would fall under the generic heading of ‘Sports’ or park ‘improvements’ in the Draft Regulation 123 List. This should be clarified.</td>
<td>The Regulation 123 List identifies the list of infrastructure projects or types of infrastructure that it [the LPA] intends will be, or may be, wholly or partly funded by CIL (CIL regulations). These projects or types of infrastructure cannot be funded through section 106. The new list includes improvements to district parks and a new leisure centre at Canada Water (not including land). Items of infrastructure not on this list may be funded by CIL or S106. Information on funding sources for projects identified in the Infrastructure Plan is currently being updated; it is important to note that this is a living document which is subject to change. The text in the SPD addendum on sport and play facilities has been clarified - new sport facilities will be funded through CIL where the need arises; offsite play facilities will be funded through S106 in accordance with the S106 SPD.</td>
</tr>
<tr>
<td><strong>Sport England</strong></td>
<td>The Regulation 123 List should be clear about what sports projects will be funded via CIL (in order of priority), rather than having generic points referring to improvements to open space and sports. Unless the Council identify specific projects on the Regulation 123 List it may be more effective for sporting contributions to be sought through planning obligations, although this is only in the case where it can be linked to a strategic housing development.</td>
<td>The Regulation 123 List identifies the list of infrastructure projects or types of infrastructure that it [the LPA] intends will be, or may be, wholly or partly funded by CIL (CIL regulations). These projects or types of infrastructure cannot be funded through section 106. The new list includes improvements to district parks and a new leisure centre at Canada Water (not including land). There is no requirement to identify all sports projects that will be funded via CIL on this list; moreover the list of sports projects requiring funding will change as new need arises. Items of infrastructure not on this list may be funded by CIL or S106. The Infrastructure Plan sets out what</td>
</tr>
</tbody>
</table>
strategic infrastructure projects will be funded via what sources. This is a living document and data on sport and leisure projects is currently being updated based on the latest evidence. The Regulation 123 List will be updated in future as required.

| **Sport England** | LAs need an up-to-date and robust evidence base that sets out which facilities require protecting/enhancing and where to provide any new facilities to meet any current or future forecasted demand (NPPF para 73). This should inform the Infrastructure Plan, SPD and Regulation 123 List. Southwark’s Playing Pitch Strategy has not yet been completed and Sport England is not aware of an up-to-date built facility strategy. Thus Sport England does not consider that Southwark has a robust evidence and therefore object to the proposed revisions until the Council are clear on what facilities are actually required. Southwark has commissioned a Playing Pitch Strategy, the latest housing trajectory is being used in its preparation and a draft is expected early in 2017. This will inform any required updates to the Infrastructure Plan. In February 2016 Southwark worked with Sport England to understand the supply and demand for swimming pools and sports halls using Sport England’s Facilities Planning Model and Sports Facilities Calculator. There is some unmet demand in the south of the borough and increased future demand is expected in the Old Kent Road area. Since then the Castle Leisure Centre has opened. Further new facilities are anticipated in Canada Water, Burgess Park and on Surrey Canal Road in Lewisham will help meet needs. Southwark also encourages shared facilities in school and commercial indoor sports facilities. Progress in delivering this significant pipeline of facilities will be monitored to ensure shortfalls are addressed (the larger part of the need for sports facilities will not arise until 2026+). |
| **GLA** | Welcomes the principle of Southwark seeking to secure appropriate developer contributions to support the funding and delivery of improved transport infrastructure, particularly the Bakerloo Line extension. Likewise, the proposed amendments to the S106 SPD support and reinforce this objective. Welcomes intentions to deliver a wide range of infrastructure improvements, including social, not just transport, in the OKR area via the changes set out in the Reg 123 List. Noted. |
| **TfL** | Welcomes the principle of Southwark seeking to secure appropriate developer contributions to support the funding and delivery of improved transport infrastructure, particularly the Bakerloo Line extension. There are clearly challenges in securing funding for infrastructure critical to unlocking growth. These include the timing of contributions, the scope of development that should pay, and the impact of such payments on the viability of development. Noted. |
APPENDIX D

Further details of the method used to derive the benchmark build costs

Further details of the method used to derive the benchmark build costs provided by WT Partnership, who undertook the costings in the viability study, are provided below.

The cost data provided by WT Partnership was for a sample of 5 large sites and 5 small sites and by the nature of information on which it was based had to be at a high level cost per m² basis. WT Partnership used appropriate information from its extensive data base to generate benchmark rates generally in accordance with The RICS guidelines. The cost data used was from published data, from WT Partnership’s own projects and from the 200 projects which WT Partnership have reviewed since 2013 which is a mixture of developer’s cost, quantity surveyor estimates, tenders and actual costs and in accordance with RICS guidelines and good working practices is confidential.

The cost data was used to produce benchmarks based on GIA and aligned using the BCIS indices for the location and date. The benchmarked rates were based on 1st Quarter 2016 market conditions with no allowance for inflation, single stage design and build procurement. The local authority planning policies for sustainability and the like as at the base date, assumed piled foundations and assumed demolitions would need to be undertaken due to the location. The benchmarks took into account the different development mixes, the indicated parking provision which has been assumed to be undercroft / basement, the specification to match values of schemes referenced by BNP Paribas and where a range of heights were indicated an average height used. Without detail being available and due to the range of samples it was felt the most appropriate methodology for costing the External Works and phasing was a percentage basis based on reviewing available data.

The benchmark rates excluded risk and contingency, professional and design fees, VAT, underground obstructions, ground water, contamination and asbestos removal, service diversions and infrastructure upgrades/ reinforcement and the like and it is understood that there may be further site specific criteria which may affect the cost per m² rates used.

Appendix C: List of consultees including consultation bodies (CIL Regulations 15 (2) (5))

Refer to list in Appendix A.
Appendix D: Preliminary Draft CIL consultation letter (CIL Regulation 15 (2) (5))
Dear Sir/Madam,

1. Draft Old Kent Road Area Action Plan
2. Preliminary Draft Community Infrastructure Levy
3. Draft addendum to the Section 106 and Community Infrastructure Levy Supplementary Planning Document
4. Southwark Council’s “Regulation 123” list

I am writing to notify you about the above matters.

1. Draft Old Kent Road Area Action Plan

We are now consulting on the draft Old Kent Road Area Action Plan. The plan will guide and manage new development and growth in the area over the next 20 years. The plan aims to create a new high street environment for the Old Kent Road, with significant public transport improvements supported by mixed use development behind the road. This will incorporate around 20,000 new homes, including affordable homes, 5,000 new jobs, community facilities and green spaces. The plan includes the potential for extending the Bakerloo Line from Elephant and Castle towards Lewisham with two new stations along the Old Kent Road. The plan will be used to make planning decisions in the area and to coordinate and deliver the regeneration strategy.

2. Community Infrastructure Levy Preliminary Draft Charging Schedule
3. Draft addendum to the Section 106 and Community Infrastructure Levy Supplementary Planning Document
4. Southwark Council’s “Regulation 123” list

Alongside the draft Old Kent Road plan we are consulting on a revised Community Infrastructure Levy (CIL) preliminary draft charging schedule and a draft addendum to the adopted Section 106 Planning Obligations and CIL supplementary planning document (SPD). Both of these documents relate to securing funding for the transport infrastructure (including the Bakerloo Line extension) that is needed in the Old Kent Road area to support the planned growth. We are also proposing to amend the “Regulation 123 List” which sets out what infrastructure will not be funded through section 106 planning obligations. Infrastructure identified on the list may be funded partly or wholly by CIL.

Where to view the documents

The draft AAP, the proposed changes to the adopted policies map, the preliminary draft charging schedule, the draft SPD addendum, the revised “Regulation 123 List” plan and supporting documents can be viewed at the locations listed below. They are also available to view on our website: http://www.southwark.gov.uk/oldkentroadap

How to get involved

Consultation on the draft AAP, the proposed changes to the adopted policies map, the preliminary draft charging schedule, SPD addendum and “Regulation 123 List” will take place between 17 June 2016 and 23 September 2016. All comments must be received by 5pm on Friday 23 September 2016.

We will be holding and attending events throughout the consultation period. The next Old Kent Road Community Forum events will be held on:

- Monday 18 July 2016 at Walworth Academy, Shorncliffe Road, London SE1 5UJ
- Wednesday 14 September 2016 at New Covenant Church, 506-510 Old Kent Rd, London SE1 5BA

We will also be holding an Old Kent Road Young People’s Workshop on Wednesday 7 September from 4.30pm to
7pm at New Covenant Church, 506-510 Old Kent Rd, London SE1 5BA.

You can also join the conversation about the Old Kent Road online.

Please keep up to date by visiting our website to find out about events. If you would like us to attend your local group meeting please contact the planning policy team.

You can comment on the documents by:

Visiting our Consultation Hub and filling in our online questionnaire (details on the website above) or by sending comments by:

- E-mail: planningpolicy@southwark.gov.uk
- Post: FREEPOST SE1919/14 Planning Policy, Chief Executive’s Department, London SE1P 5EX

List of locations where documents are available for inspection:

Draft CIL Charging Schedule consultation letter (CIL Regulation 16 (1)(c); (2))
30 January 2017

Dear «First_name» «Last_name»

I am writing to notify you that we are currently consulting on the following planning documents:

DRAFT COMMUNITY INFRASTRUCTURE LEVY (CIL) CHARGING SCHEDULE AND REVISED REGULATION 123 LIST

What is the Community Infrastructure Levy (CIL) and the Charging Schedule?

The Community Infrastructure Levy (CIL) is a levy that local authorities can choose to charge on new developments in their area. The money can be used to support new development by funding strategic infrastructure that the council, local community and neighbourhoods want.

- Southwark is a CIL charging authority under the Planning Act 2008 and Community Infrastructure Levy Regulations 2010 (as amended). Southwark is proposing to revise its charging schedule which sets out the charging rate(s) (per square metre of new floorspace) to be levied on new development in the borough. These rates need to be supported by evidence including a study of the economic viability of new development and an Infrastructure Plan which sets out Southwark’s infrastructure needs over the next 15 years.

- We consulted on a ‘Preliminary’ draft CIL Charging Schedule from in 2016. We are now at the second stage of preparation and are consulting on the Draft CIL Charging Schedule. Following this second round of consultation we will be submitting the Draft CIL Charging Schedule and all of the representations received during the consultation to an independent Examiner. The Draft CIL Charging Schedule will then be subject to an Examination in Public held by an independent Examiner during the Summer 2017.

What is the Regulation 123 List?

Alongside the draft CIL Charging Schedule we are also consulting on a revised Regulation 123 List. This is intended for adoption at the same time as the revised charging schedule. The Regulation 123 List sets out the items of infrastructure that will not be funded by section 106 planning obligations. The items on this list can be funded or part funded through CIL.

How to make a representation on the Draft CIL Charging Schedule (CIL Regulation 16 (2)) and Regulation 123 List

The draft CIL Charging Schedule and Regulation 123 List will be published on 30 February 2017 and will be available for consultation for a period of six weeks. All comments must be received by 5pm Monday 13 March 2017.

You can see a hard copy of the draft CIL Charging Schedule and the Regulation 123 List at the locations listed below.

Comments can be made in writing or via email and sent to the following addresses. At this stage you are also able to request if you would like the right to be heard by the CIL Examiner at the forthcoming Examination in Public hearing.

Email: planningpolicy@southwark.gov.uk.

In your representation to us please also let us know if you would like to be notified at a specified address of any of the following:

(i) that the draft CIL charging schedule has been submitted to the CIL Examiner in accordance with section 212 of PA 2008,
(ii) the publication of the recommendations of the CIL Examiner and the reasons for those recommendations, and
(iii) the approval of the CIL charging schedule by the council.

If you have any queries about this document, please contact the Planning Policy team on 020 7525 5471 or by email at planningpolicy@southwark.gov.uk

Yours faithfully

Juliet Seymour
Planning Policy Manager

NOTIFICATION OF PUBLIC CONSULTATION ON COMMUNITY INFRASTRUCTURE LEVY
PRELIMINARY DRAFT CHARGING SCHEDULE (REGULATION 15 CONSULTATION)

NOTIFICATION OF PUBLIC CONSULTATION ON CHANGES TO SOUTHWARK COUNCIL’S
"REGULATION 123 LIST"

Southwark Council is preparing a new plan for the Old Kent Road and surrounding area. The plan will
guide and manage new development and growth in the area over the next 20 years. The plan aims to
create a new high street environment for the Old Kent Road, with significant public transport
improvements supported by mixed use development behind the road. This will incorporate around
20,000 new homes, including affordable homes, new jobs, community facilities and green spaces. The
plan includes the potential for extending the Bakerloo Line from Elephant and Castle towards
Lewisham with two new stations along the Old Kent Road. The plan will be used to make planning
decisions in the area and to coordinate and deliver the regeneration strategy.

Alongside the draft Old Kent Road plan we are consulting on a revised Community Infrastructure Levy
(CIL) preliminary draft charging schedule and a draft addendum to the adopted Section 106 Planning
Obligations and CIL supplementary planning document (SPD). Both of these documents relate to
securing funding for the transport infrastructure (including the Bakerloo Line extension) that is needed
in the Old Kent Road area to support the planned growth. We are also proposing to amend the
"Regulation 123 List" which sets out what infrastructure will not be funded through section 106
planning obligations. Infrastructure identified on the list may be funded partly or wholly by CIL.

Where to view the documents

The draft AAP, the proposed changes to the adopted policies map, the preliminary draft charging
schedule, the draft SPD addendum, the revised “Regulation 123 List” plan and supporting documents
can be viewed at the locations listed below. They are also available to view on our website:

http://www.southwark.gov.uk/oldkentroadplan

How to get involved

Consultation on the draft AAP, the proposed changes to the adopted policies map, the preliminary
draft charging schedule, SPD addendum and “Regulation 123 List” will take place between 17 June
2016 and 4 November 2016. Please note the consultation has been extended by a further 6 weeks
from the date previously advertised. All comments must be received by 5pm on Friday 4 November
2016.

Please keep up to date by visiting our website to find out about events. If you would like us to attend
your local group meeting please contact the planning policy team.

Press Notice- Draft CIL Charging Schedule (CIL Regulation 16 (1) (d))
Thursday 26 January 2017
NOTICE OF FORMAL CONSULTATION FOR:

1. NEW SOUTHWARK PNP AREA VISIONS AND SITE ALLOCATIONS (PREPARED OPTION): REGULATION 18 CONSULTATION UNDER THE TOWNS AND COUNTRY PLANNING ACT 1990 (AMENDED)

2. COMMUNITY INFRASTRUCTURE LEVY (CIL) ENGAGEMENT AND ALLOCATIONS (CIL) REGULATIONS 2016 (AS AMENDED)

TOWN & COUNTRY PLANNING ACT 1990 (AMENDED)

NEW SOUTHWARK PNP AREA VISIONS AND SITE ALLOCATIONS (PREPARED OPTION)

The Council will consult on the New Southwark Plan: Area Visions and Site Allocation (preferred option) document from 6 February to 24 April 2017. The document forms the second part of the draft New Southwark Plan, which sets out the overall planning and regeneration strategy for the borough up to 2033. The council consulted on the New Southwark Plan: Strategic and Development Management policies (preferred option) between October 2015 and March 2017.

Area visions set out how each of the borough’s unique areas will change in the future and how their character will be preserved and enhanced. Site allocations identify potential strategic development sites and set out planning requirements that should be met in the event of development.

A final draft of the New Southwark Plan will be consulted on following the preferred option stage prior to sending the draft and any comments received to the Government’s Planning Inspectorate to examine the plan and make a recommendation for adoption.

How to make a representation on the New Southwark Plan: Area Visions and Site Allocations (preferred option)

The New Southwark Plan: Area Visions and Site Allocations (preferred option) will be consulted on for 12 weeks between 6 February and 24 April 2017.

The New Southwark Plan: Area Visions and Site Allocations (preferred option) and its supporting documentation are available to view on the council’s website at https://www.new-southwark.gov.uk/planning-and-building-control/planning-policy-and-development/planningselectplan.

You can see a hard copy of the plan at the locations listed below.

DRAFT COMMUNITY INFRASTRUCTURE LEVY (CIL) CHARGING SCHEDULE AND REGULATION 123 LIST

The Community Infrastructure Levy (CIL) is a new Local Authority charge that local authorities can choose to charge on new developments in their area. The money can be used to support new development by funding strategic infrastructure that the council, local community and neighbouring wards need.

Southwark is a CIL charging authority under the Planning Act 2008 and Community Infrastructure Levy Regulations 2016 (as amended). Southwark is proposing to review its charging schedule which sets out the charging criteria (per square metre of gross floorspace) to be levied on new development in the borough. These ideas need to be supported by evidence, including a study of the economic viability of new development and an Infrastructure Plan which sets out Southwark’s infrastructure needs over the next 15 years.

We consulted on a Draft CIL Charging Schedule in 2016. We are now at the second stage of consultation and are consulting on the Draft CIL Charging Schedule. Alongside this we are also consulting on a revised 123 List which is intended for adoption at the same time as the final charging schedule.

Following this second round of consultation we will submit the Draft CIL Charging Schedule and all of the representations received during the consultation to an Independent Examiner. The Draft CIL Charging Schedule will then be subject to an Examination in Public held by the Independent Examiner during Summer 2017.

How to make a representation on the Draft CIL Charging Schedule (CIL Regulation 18 (2) and Regulation 123 List)

The draft CIL Charging Schedule and Regulation 123 List will be published on 30 January 2017 and will be available for consultation for a period of six weeks. All comments must be received by 5pm on 23 March 2017.

The draft CIL Charging Schedule, its supporting documentation and the Regulation 123 List are available to view on the council’s website at https://www.new-southwark.gov.uk/planning-and-building-control/planning-policy-and-development/cil-charging.

You can see a hard copy of the draft CIL Charging Schedule and the Regulation 123 List at the locations listed below.

Comments can be made in writing or via email and sent to the following addresses. At this stage you are also able to request if you would like the right to be heard by the CIL Examiner at the forthcoming Examination in Public hearing.

In your representation to us please also let us know if you would like to be notified at a specified address of any of the following:

(a) that the draft CIL charging schedule has been submitted to the CIL Examiner in accordance with section 212 of PA 2008,

(b) publication of the recommendations of the CIL Examiner and the reasons for those recommendations, and

(c) approval of the CIL charging schedule by the council.

If you have any queries about this document, please contact the Planning Policy team on 020 7535 5471 or by email at parkingpolicy@new-southwark.gov.uk.

LOCATIONS TO VIEW DOCUMENTS

You can request to view hard copies of our consultation documents at the Southwark Council offices, located at 106 Tooley Street, London, SE1 2GH.

You can also view our consultation documents at the following libraries and MySouthwark Service Points.

Libraries (Opening times listed individually below):

- Blue Anchor Library, Market Place, Southwark Park Road, SE13 3UD
- Monday – Thursday 09:00 – 19:00, Friday 09:00 – 18:00, Saturday 09:00 – 17:00

Appendix F: Representations on the Draft CIL Charging Schedule and the council's responses
Old Kent Road Opportunity Area Viability Study Stakeholder Workshop

2 March 2016
Agenda

1. Introductions
2. Methodology
3. Viability inputs from survey of viability submission received by the Council
4. Proposed appraisal inputs for OKR OA viability study
5. Feedback/questions from Stakeholders
1. Introduction
Introduction

• London plan opportunity area designation March 2015
• Collaborating with GLA and TfL on preparation of plan
• Preparing evidence base
• Engaging local stakeholders through community forum
Introduction: Emerging proposals

- OKR: part of Central London
- Transition to mixed use neighbourhoods
- Around 20,000 new homes (high growth option explored through community forum)
- Around 5,000 new jobs
- New infrastructure to support growth including schools, health facilities, open spaces and surface transport improvements
- Bakerloo line extension - £2.57bn
- Expectation that growth in homes and jobs will help pay for infrastructure, through mechanisms such as CIL
- Revision of CIL Charging Schedule with focus on OKR opportunity area
BCIS Forecast for inflation in All in TPI Index from 2015 – 2017: 4.76%
Timescales

- May 2016 – Consultation on AAP
- May 2016 – Consultation on Preliminary Draft Charging Schedule and interim s106 tariff
- Late 2016 – Consultation on Draft Charging Schedule
- Early 2017 – Examination of Draft Charging Schedule
- Summer 2017 – Adoption of Charging Schedule
- 2017 – Consultation on Submission AAP
Introduction

BNP Paribas Real Estate instructed by Council to undertake viability testing to understand the cumulative impacts of emerging policy requirements of their emerging:

- OKR OAPF & AAP
- Update to the Community Infrastructure Levy Charging Schedule

Purpose of today’s meeting:

- Engagement with developers and landowners on the range of typologies and sites to be tested and inputs into the appraisals
- Call for evidence
2. Methodology
Methodology – Residual Value

Methodology

Cumulative testing of local plan policy requirements including:

• Affordable housing % and tenure split;
• CIL (Mayoral & Borough)
• Residual S106 requirements;
• National space standards for residential units;
• Cycle and car parking standards; and
• Sustainability requirements.
Methodology

Establishing Viability:

• The results of the appraisals will be residual land values (RLV).
• To establish viability the RLV’s will be compared to a range of benchmark land values (BLV).
• If the RLV is equal to or higher than the BLVs the scheme is considered to be viable.
• Consistent with methodology which informed adopted CIL charging schedule and considered sound by examination inspector.
3. Viability inputs from survey of viability submissions received by the Council
Survey of viability appraisals

- Sites which submitted viability appraisals to support affordable housing negotiations
- All sites anonymised
- Granted planning permission between 13/11/2012 – 23/12/2015
- Uses assumptions presented in VAs to present developer’s starting point in negotiation (Note: some assumptions challenged by LBS/DVS)
- 42 schemes fulfilled the criteria. However, due to inconsistency in the presentation of data each VA did not yield useable data relevant to each assumption. Many of the schemes were mixed use. This evidence only considers residential elements of the schemes.
Survey of viability appraisals

- Developer profit
- Build costs
- Gross to net efficiency
- Contingency
- Abnormal costs
- Sales values
- Benchmark land value
- Landowner incentive

- Data relates to residential development
- Work in progress
Developer Profit (Private housing)

- On-GDV, on-Profit or IRR

<table>
<thead>
<tr>
<th>GDV</th>
<th>Cost</th>
<th>IRR</th>
</tr>
</thead>
<tbody>
<tr>
<td>19 schemes</td>
<td>7 schemes</td>
<td>2 schemes</td>
</tr>
</tbody>
</table>

- IRR profit expectation was 20%. One of the schemes which presented profit in IRR used an assumption for profit-on-cost of 25%.
- Some schemes merged profit expectation for private, affordable and commercial – these have been excluded.
Profit Assumption on GDV (Private Residential)

Developer profit assumed in CIL viability study 2014
CIL VIABILITY STUDY

Over the last two years DVS have undertaken a dozen Financial Viability Assessments concerning developments within LB Southwark.

We would comment about the developer profit margins for the market housing as follows:

- We have never accepted a profit level in excess of 20% of value
- Typically over the last 18 months we have assessed profit on value in the order of 17.5%
- As an alternative, sometimes we have assessed scheme profit on cost and typically in the order of 20%
- The exact % will vary from scheme to scheme

The profit for the affordable housing component has been typically 6% on cost.

It is our opinion that contingency costs are typically appraised at 3 to 5% of cost.
Build Costs

- Twenty four viability appraisals included information on build costs for private housing
- The gross build costs ranged from £1,352 per sq. m to £3,442 per sq. m with a mean of £2,115 per sq. m
- Twenty viability appraisals included information on build costs for affordable tenure housing
- The gross build costs ranged from £1,352 per sq. m to £3,280 per sq. m with a mean of £1,957 per sq. m
Private Housing Build Costs

![Bar chart showing build costs by zones and measures (median and mean)].

- Zone 1 Median: £3,500.00
- Zone 1 Mean: £3,000.00
- Zone 2 Median: £2,500.00
- Zone 2 Mean: £2,000.00
- Zone 3 Median: £1,500.00
- Zone 3 Mean: £1,000.00

- Site 6
- Site 7
- Site 8
Sales Values

Private Housing:
The Council reviewed 22 viability appraisals which presented assumptions for the anticipated sales values of the market sale residential element of the schemes. These assumptions were often underpinned by the sales values achieved on recently completed comparable schemes. Three schemes were in CIL charging Zone 1, eight were in Zone 2 and four in Zone 3.

Affordable Housing:
The Council reviewed 20 viability appraisals which contained estimated sales values for affordable housing elements of the scheme. These values were averaged for intermediate, social rented and affordable rent housing.
Private Sales Values

Sales Values per sq. m

- Zone 1
- Zone 2
- Zone 3
Valuation methodology and Landowner Incentive

- Most schemes identified the BMLV through valuing the current use value and adding a landowner incentive (CUV+).
Benchmark Land Value (Whole Site)
Land transaction as % of BLV
S106 planning obligations

- 7 schemes approved since adoption of CIL in April 2015
- Range from £1,047 per residential unit to £2,453 per unit, with average of £1,811 per unit
- Range from £13.50 p/sqm to £40.40 p/sqm for commercial space with average of £21.7 p/sqm
4. Proposed appraisal inputs for Old Kent Road OA Study
Proposed appraisal inputs

Build costs adopted will be based on advice from Cost Consultants WT Partnership (WTP)

Using benchmark information as the basis of the construction costs. WTP act for a number of developers and local authorities in the Central London area so have a wealth of information from which to carry out the Assessments. This will be supported by infrastructure budgets from a variety of sources.

As required by viability guidance build costs will be as at the present day with no allowance for future inflation / deflation.
Proposed appraisal inputs

Construction cost benchmark drivers

• Use and housing mix and density
• Site size, shape, constraints, existing condition
• Built form and mass, basements
• Energy strategy and sustainability
• Procurement
• Third party influences – party walls, rights of light, Life time homes, secure by design etc.
• Quality and specifications
• Exclusions – demolitions, professional fees, contingency, VAT and the like (most of which included as separate element in appraisals)
Proposed appraisal inputs

Residential

- Flats gross to net ratio 72% - 80%
- Build costs – Based on advice from Cost Consultants
  WT Partnership:
  - Flats low density (up to 6 storeys) £1,900 per sq m
  - Flats medium density (7-13 storeys) £2,250 per sq m
  - Flats high density (14-35 Storeys) £2,800 per sq m
- Build cost allows for meeting part L of Building Regs
  and minimum London Plan requirements
- External costs circa 10-15%
- Contingency 5%
- Demolition £85 per sq m
Proposed appraisal inputs

Residential cont.

• Developer’s profit: 20% on GDV for Pvt and 6% on AH
• Development finance: 7%
• Fees: 10% - 12% of build costs
• Affordable housing (AH) on sites of 10 or more new dwellings tested at 35%
• 70% social rent and 30% intermediate dwellings
• Sensitivity testing up to 50% and down to 0% AH
• No grant
• Shared ownership: 25% equity sale and max 2.75% rent and max of 40% of income
Proposed appraisal inputs

Proposed appraisal inputs

Student accommodation

- Rents:
  - £192-£257 per week direct let (51 week let)
  - £172-£220 per week nomination (51 week let)
  - £114-142 per week en-suite room nomination (40/48 week let)
- Yield: 5%
- Build: £1,850 per sq m (cost includes FF+E.)
- Affordable housing:
  - direct let at market rent provide 35% of GIA as conventional AH; and
  - 27% of student rooms let at a rent that is affordable to students.
Proposed appraisal inputs

Offices:
• Rents: £183 - £215 per sq m
• Yield: 7%
• Build:
  • Air conditioned - Shell and core £1,600 per sq m
  • CAT A fit out £475 per sq m

Community Use:
• Rents: £183 per sq m
• Yield: 7%
• Build: £1,995 per sq m
Proposed appraisal inputs

Retail Warehouse/Retail Park/Convenience based superstore or supermarket:
- Rents: £260 per sq m
- Yield: 4.75%
- Build: £1,400 per sq m

All other retail (A1-A5):
- Rents: £161 - £215 per sq m
- Yield: 5.75% - 6%
- Build: £1,450 per sq m
Proposed appraisal inputs

Leisure use:
• Rents: £215 per sq m
• Yield: 6.5%
• Build: £2,000 per sq m

Other assumptions:
• BREEAM (2014) excellent 2%
• External works 15%
• Contingency 5%
• Demolition £85 per sq m
• Developer’s profit: 20% on cost
• Development finance: 7%
• Fees: 10% - 12% of build costs
