

# Rye Hill Park New Build

June 2021 | Issue 7

# Residents' Newsletter

## Welcome to your latest newsletter

ENGIE is working in partnership with Southwark Council to build new council homes at Rye Hill Park. The project is due to complete in summer 2022.

## Our latest progress...

We have now completed the drainage installation in the lower section of the site as well as the second phase of our vehicular crossover to the higher access and egress gate.

The pile mat and sheet piling have also been completed and we will now start working on the piling operations.

Thames Water have now given us a date for the drainage connection outside the hoarding adjacent to 2-32 Rye Hill Park. These works will be taking place shortly and are expected to take approximately five days to complete. We will be writing to you before these works take place to provide a full explanation of what will be happening.

Sheet piling

## Contact Us...

Our usual working hours are **Monday to Friday, 8am to 5pm.**

If you have a query about the works or would like to report an emergency during our working hours please contact the ENGIE Project Manager, **Mark Roberts** on **07971 792258.**

Alternatively, our main office number is **0207 523 5201.**

**If you need to report an emergency out of hours, or at the weekend, please call us on 0333 121 0067.**

Project Manager, Mark Roberts

A crane will soon be erected on site so that we can start piling works. You will also receive a letter regarding these works.

**Please do not park on the new yellow lines as it is affecting our deliveries.** We understand this is frustrating however when deliveries arrive we struggle to get the vehicles on site.

*Tree trimming*

*Sheet piling to existing retaining wall*

## COVID-19 measures

As more businesses and venues start to re-open, we would like to remind you that we are still following current government guidelines regarding protective measures and social distancing to prevent to spread of COVID-19. These measures ensure we continue to deliver our works safely.

COVID-19 remains a very real danger, if you are experiencing any symptoms please isolate at home and book a free test.

**Do your part to keep your community safe and COVID-19 free.**

## ENGIE is a considerate constructor

We pride ourselves on being an Associate Member of the Considerate Constructors Scheme (CCS) which helps to improve the image of the construction industry.

All our sites are continuously reviewed by the CCS to monitor how respectful and responsible we are within the communities where we undertake works.

As part of our ongoing commitment to the objectives of the CCS, we ensure the highest levels of safety are maintained across our sites. We therefore ask that you explain to your children how dangerous construction sites can be and should not be played on at any time.
