Further to our recent letter please note that we have rescheduled our planned works on Turney Road between Dulwich Village and Burbage Road. As a result we will now be commencing works on Turney Road on the 25 June 2018.

This work forms part of our Quietway 7 improvements, with this phase of work programmed to be completed by the 3 August 2018. The initial works include footway buildouts, new crossing facilities, a new zebra crossing, and resurfacing of footways and carriageways. Further works on Turney Road, southwest of Burbage Road, will form part of a separate notification and will follow the completion of this phase.

The duration, noted above, is indicative but we will do our best to complete the works in the minimum time possible. It is possible that the works may take longer than expected if we encounter any unforeseen difficulties for example bad weather. For further information on our anticipated works programme, including upcoming works, please refer to our website at the following web address: https://www.southwark.gov.uk/transport-and-roads/roadworks-and-highway-improvements/street-improvements/quietway-7-elephant-and-castle-to-crystal-palace

The working hours will be between 08:00 and 17:00 (Monday to Friday) and 08:00 and 14.00 (Saturday). Please note that pedestrian access will be available at all times. Access for emergency service will be maintained at all times and we will endeavour, where possible to do the same for residents and businesses during the works. Please contact us if you have any special requirements during the road closure.

Should you have any queries regarding the works, or you have any specific access requirements, please contact the supervisor, Michael Bedding through the Conway Aecom call centre on 0330 337 1001. Please quote the borough and site location on calling.

We apologise for any inconvenience caused. We hope you appreciate that the short term inconvenience will be worthwhile given the long term benefits to the community of our Highway investment programme.

Yours faithfully,

CONWAY AECOM
