1.3 As set out under Policy SP1 of the New Southwark Plan, Graph 1 and table 3 below present the indicative overall housing trajectory through different sources of supply by year. The timeline assumptions are set out for each source of supply as follows:

Coming forward over coming five years between 2020/2021 and 2024/2025

- Homes under construction in different areas:
  - Outside site allocations
  - New Southwark Plan, Canada Water and Peckham and Nunhead AAP sites (excluding Old Kent Road and Aylesbury sites)\*
  - Old Kent Road AAP Opportunity Area\*
  - Aylesbury AAP Action Area\*
  - Elephant Park redevelopment (saved Southwark Plan site 39P)
- Planning approvals in the pipeline including within all site allocations
- Windfall allowance for small sites years 4 and 5 (determined through historic delivery of small sites)
- New council homes delivery

Coming forward in Years 6-15 period (2025/2026 – 2034/2035)

- Remaining capacity for sites in different areas:
  - NSP and AAP sites (excluding OKR)\*
  - OKR AAP\*
- Windfall allowance for small sites (determined through historic delivery of small sites)
- New council homes delivery

\* The site capacities have been updated along with the Site Allocations Methodology Report in May 2021

1.4 In addition to the evidence set out in 5 and 15 Year housing supply, further information on the deliverability, the stage of implementation and the predicted delivery timeframe of the site allocations are demonstrated in Appendix 2 of the updated Site Allocations Methodology Report (May 2021).
