The London Borough of Southwark (Width restriction) (Bath Terrace and Harper Road) (No. *) Traffic Order 201*, The London Borough of Southwark (Prescribed routes) (Harper Road) (No. *) Traffic Order 201*, The London Borough of Southwark (Waiting and loading restrictions) (Amendment No. *) Order 201*

1. Southwark Council hereby GIVES NOTICE that it proposes to make the above orders under the powers of the Road Traffic Regulation Act 1984¹, as amended.

2. The effect of the orders would be:-
(a) in BATH TERRACE, (i) on both sides throughout the road, to convert single yellow lines to double yellow line ‘at any time’ waiting restrictions; (ii) at its north-eastern end on the south-east side, to formalise an existing width restriction previously trialled under the Experimental Order: The London Borough of Southwark (Width restriction) (Harper Road and Bath Terrace) (No. 1) Experimental Traffic Order 2018², outside Nos. 1 to 28 Bath Terrace in which vehicles of more than 2 metres (6 feet 6 inches) in overall width, including any load carried thereon, would not be permitted to enter or proceed. This restriction will be physically enforced by the permanent structures which are currently in this location;
(b) in BROCKHAM STREET the south-east side, to convert a length of existing single yellow line to double yellow line ‘at any time’ waiting restrictions (14 metres) at its junction with Harper Road; and
(c) in HARPER ROAD, between its junction with Brockham Street/Bath Terrace and its junction with Dickens Square:- (i) an existing width restriction which was trialled under the aforementioned Experimental Order, currently across both north-east and south-west sides of Harper Road, will be removed in its entirety; (ii) a new width restriction will be introduced on the north-east side only of Harper Road (south-eastbound lane), in which vehicles of more than 2 metres (6 feet 6 inches) in overall width (including any load carried thereon) would not be permitted to enter or proceed. This restriction will be physically enforced by permanent build-out structures in the north-east side of Harper Road, outside the Baitul Aziz Islamic Cultural Centre, No. 1 Dickens Square; (iii) to prohibit any vehicle travelling in a south-easterly direction from entering or proceeding in the part of Harper Road which lies, on the south-west side, immediately adjacent to the abovementioned width restriction. This restriction will cover the entire length as described above and the entire width of carriageway as measured from the centre of Harper Road to its south-western kerb-line and will be enforceable by traffic cameras; and (iv) to convert existing single yellow lines to double yellow line ‘at any time’ waiting restrictions in this section of Harper Road.

Statement of reasons
Bath Terrace and Harper Road introduction of permanent width restrictions
The London Borough of Southwark (Width restriction) (Bath Terrace and Harper Road) (No. *) Traffic Order 201*
The London Borough of Southwark (Prescribed routes) (Harper Road) (No. *) Traffic Order 201*
The London Borough of Southwark (Waiting and loading restrictions) (Amendment No. *) Order 201*

Council Officers have monitored traffic since the introduction of width restriction measures in Harper Road and Bath Terrace, in the Chaucer ward of the London Borough of Southwark. The width restriction measures were trialled under an experimental traffic order (our reference TMO17/18-EXP03_Harper Road) dated 18 January 2018, and implemented in March 2018. Council Officers have engaged with residents and members of the public as well as emergency services. The traffic monitoring has found a reduction in vehicles using the road and particularly large vehicles (or Heavy Goods Vehicles). Informal consultation revealed majority support for retaining the width restrictions on a permanent basis, although concerns were raised about access for large emergency vehicles. Emergency services requested access for all emergency vehicles including ambulances, preferably with traffic camera enforcement to prevent any delays in response time that could be caused by lockable gates or bollards.

The width restriction of 2 metres (6 feet 6 inches) in the north-eastern end of Bath Terrace outside Nos. 1 to 28 Bath Terrace will be retained on a permanent basis without modifications.

The width restriction under the experimental traffic order in Harper Road, which operates as a 2 metre wide alternate one-way lane reinforced with traffic islands, will be removed in its entirety as it is not accessible to all emergency vehicles.

A new permanent width restriction in Harper Road (outside the Baitul Aziz Islamic Cultural Centre, No. 1 Dickens Square) is proposed with an eastbound 2 metre wide traffic lane, reinforced with a central island and robust bollards. The westbound lane, directly adjacent to the location of the new width restriction, will be 3.2 metres (10 feet 6 inches) wide and there will be a ‘no entry’ point prohibiting all eastbound vehicles, except for emergency vehicles, from proceeding against the flow of traffic in this lane, for example to overtake another vehicle or to avoid the width restriction. The ‘no entry’ will be enforceable by traffic cameras.
